Image	 <p>PHYSIOTHERAPY V Peripheral + segmental skin-innervation</p> <p>The chart displays the human body with color-coded regions for skin innervation. The body is divided into colored zones: red for the head and neck, yellow for the upper limbs and upper torso, green for the lower limbs and lower torso, and blue for the feet and lower legs. The chart includes labels for various nerves and segments, such as C1-C8, Th1-Th12, L1-L5, and S1-S5. The chart is designed for physiotherapy use, showing the distribution of nerves and segments across the body.</p>
