

The Urinary System Chart – DG053

<p>Description</p>	<ul style="list-style-type: none"> ◆ Laminated Scientific Anatomy Poster Chart ◆ Painstakingly researched and executed by today's top medical illustrators. Up-to-date, with a fresh, consistent style and contemporary look. Full-coverage 1.5 mil lamination with sealed edges • virtually impervious to moisture
<p>Details</p>	<ol style="list-style-type: none"> 1. Dimension: 22" x 28" 2. Material: gloss paper laminated with clear polyester both sides
<p>Image</p>	 <p>The chart, titled "The Urinary System", provides a comprehensive overview of the human urinary system. It features several key diagrams and text sections:</p> <ul style="list-style-type: none"> Structure of the Kidneys: Shows the location of the kidneys in the back, flanking the spine, and their connection to the ureters and bladder. Segments of the Kidney: Illustrates the internal structure of the kidney, including the renal cortex, medulla, and renal pyramids. The Nephron: A detailed diagram of the functional unit of the kidney, showing the renal corpuscle (glomerulus and Bowman's capsule) and the renal tubule. Uterine Formation: Shows the development of the urinary system from the embryonic stage. Renal Corpuscle: A detailed view of the glomerulus and Bowman's capsule, showing the filtration barrier. Bladder: Shows the bladder and its connection to the ureters and urethra. <p>The chart includes numerous labels for anatomical structures and descriptive text explaining the function of each part of the system.</p>
